

Asian Armageddon: Witness the Epic Struggle of World War II in the Far East

Asian Armageddon: The War in the Far East

The Second World War was a global conflict that engulfed the world from 1939 to 1945. While the fighting in Europe has been extensively documented, the war in the Far East has received less attention.

Asian Armageddon is the definitive account of this forgotten conflict. Drawing on a wealth of archival research and firsthand accounts, author Ian Toll tells the story of the war in the Far East from the Japanese attack on Pearl Harbor to the atomic bombings of Hiroshima and Nagasaki.
