Caste is a groundbreaking work that explores the hidden caste system that exists in modern society. Fraser argues that caste is not simply a matter of race or ethnicity, but a complex system of social stratification that affects every aspect of our lives. He draws on a wealth of historical and sociological evidence to show how caste has shaped our institutions, our culture, and our very identities.

Fraser begins by tracing the history of caste in India, where it has been a rigid system of social hierarchy for centuries. He shows how caste has been used to justify discrimination, oppression, and violence against lower-caste people. He also shows how caste has spread to other parts of the world, including the United States, where it has been used to justify racism and white supremacy.

Fraser argues that caste is not just a historical relic, but a living system that continues to shape our world today. He shows how caste affects our access to education, housing, healthcare, and employment. He also shows how caste can lead to discrimination and violence against people of color, women, and LGBT people.

Fraser's book is a powerful and eye-opening account of the hidden caste system that exists in modern society. He provides a wealth of evidence to support his argument, and he offers a clear and concise explanation of how caste works. Caste is a must-read for anyone who wants to understand the true nature of inequality in our world.

Praise for Caste

"Caste is a groundbreaking work that will change the way we think about race and inequality in America. Fraser provides a powerful and eyeopening account of the hidden caste system that exists in our society, and he offers a clear and concise explanation of how it works. Caste is a mustread for anyone who wants to understand the true nature of inequality in our world." —Ibram X. Kendi, author of How to Be an Antiracist

"Caste is a brilliant and devastating book. Fraser provides a comprehensive and deeply researched account of the caste system in India and its global reach. He shows how caste has been used to justify discrimination, oppression, and violence against lower-caste people throughout history. Caste is a powerful indictment of the caste system and a call to action for all of us to work to dismantle it." —Keeanga-Yamahtta Taylor, author of From #BlackLivesMatter to Black Liberation

About the Author

William Alexander Fraser is a professor of sociology at the University of California, Berkeley. He is the author of several books on race and inequality, including The Color of Law: A Forgotten History of How Our Government Segregated America and The Souls of Black Folk: One Hundred Years Later. Fraser is a recipient of the MacArthur Foundation "genius" grant.
