In his new book, *The Once and Future Church*, Andy Stanley argues that the church has lost its way. We have become too focused on programs and buildings, and have lost sight of our mission to make disciples.

Stanley calls for a return to the biblical vision for the church. He argues that the church should be a place where people can encounter God, grow in their faith, and make a difference in the world.

*The Once and Future Church* is a challenging and inspiring book that will help you rethink what it means to be a Christian. Stanley provides a clear and concise vision for the future of the church, and he challenges us to be a part of it.
